Oxnard, CA

CalFresh can add to your food budget to put healthy and nutritious food on your table. The program issues monthly electronic benefits that can be used to buy most foods at many markets and food stores. This program helps improve the health and well-being of qualified households and individuals by providing them a means to meet their nutritional needs.

Even if you are not eligible, come find out if other individuals in your household are. A *CalFresh* Outreach Assistant will be pre-screening Rainbow FRC families and answering questions you may have regarding their program. If you qualify for *CalFresh*, you also qualify for Medi-Cal.

Note:

- If you get SSI (Supplemental Security Income) you are not eligible for *CalFresh.* However, other members of your family may be eligible.
- You do not have to meet the gross income limit if someone in your household is over 60 years old and/or is disabled.
